Dear Mark Heinen:

Congratulations! Your Computer Science Principles course is now authorized to use the AP designation for the 2018 - 2019 academic year at Canon City Senior High School.

## What Does Syllabus Authorization Mean?

It is the official recognition by the College Board that your syllabus meets or exceeds the expectations colleges and universities have for your AP course. Your syllabus was reviewed by experienced college and university faculty, who have confirmed that it outlines how you provide a college-level learning experience for your students. This authorization grants you permission to use the "AP" designation on your students' transcripts in association with the authorized course.

## Renewing Your Authorization

This authorization is eligible for renewal by your administrator in subsequent years. You do not need to resubmit your syllabus unless notified by the College Board that submission is required due to revisions to the AP course.

We understand that you may need to modify your syllabus to reflect new discoveries and try new approaches. You do not need to resubmit your syllabus when you modify it, as long as you are not eliminating from your curriculum one or more of the curricular requirements on the AP Course Audit form.

Sincerely,

Trevor Packer
Senior Vice President
Advanced Placement Program
